COCOM Document No. 3581

COORDINATING COMMITTEE

RECORD OF STATEMENT BY THE UNITED STATES DELEGATE

ON

THE SUPPLY OF TECHNICAL DATA FOR THE PRODUCTION OF POLYESTER FILM

TO THE SOVIET UNION

June 18th, 1959

Present: Belgium (Luxembourg), Denmark, France, Germany, Italy, Japan,
Netherlands, United Kingdom, United States.

The United States Delegate informed the Committee that his authorities had rejected an application for the export to the Soviet Union of technical data for equipment used in the production of polyester film caught under the definition of Item 1920. His authorities believed that similar technical data were available in other Free World countries and they hoped by this announcement to assist other Member Countries in guarding against the possibility of the inadvertent export of such data. The Delegate assumed that his authorities had in mind, among other things, the applicability of Administrative Principle No. 5.
